

### *Chincoteague Police Offer To Check Your Island Properties!*

If you own a second home, vacation rental or a primary residence and you are out of the area and feel the need to have it checked, please call the department at (757)336-3155. We will check your residences to make sure all windows and doors are secured and there is no damage to the exterior. We are more than happy to offer this service at anytime but more so now with the spread of coronavirus and more localities instituting a shelter in place order. We value your peace of mind.
